

**TOWN OF NORTHBOROUGH
BOARD OF SELECTMEN
Code 9-44-010**

9-44-010 Alcoholic, beer, wine and common victualers licenses; inspections

- A. Between September 1 and December 1 of each year, an inspection of all places of business holding a liquor or common victualler license in the Town of Northborough must be made by the Fire Department and the Building Inspector. Upon completion of said inspections, a report shall be sent to the Board of Selectmen and the business establishments holding either or both of said licenses with regard to their findings.
- B. Should the findings of either of the inspectors be that violations to statute laws of the commonwealth, town codes or bylaws are in evidence, said offender would have until December 15 of that year to correct such violations. Failure to comply would leave the Board of Selectmen no alternative but to disapprove the granting of a renewal license for the ensuing year.
- C. Upon request for a new all alcoholic, beer and wine or common victualler license, an inspection of the establishment in which said license would be used shall be made by the officials named in Subsection A, and a report shall be sent to the Board of Selectmen with regard to their findings within a month after said request. A license can then be issued if all laws and code regulations conform.
- D. Before granting a one-day beer and wine or common victualler license, a favorable report from the Building Inspector and Police Chief as to the adequacy and safety of the premises or place where said license will be used shall be presented to the Board of Selectmen in writing within one (1) week of said request.
- E. The Building Inspector may ask the Plumbing, Wire and Sanitation Inspectors to inspect said premises and report if he deems it necessary.
(Prior code § 183-41)
