Adult Day Programs

Adult Day Programs provide some or all of the following services: on-site registered nurses; social, educational and recreational activities, hot lunch, transportation, hair salon. Additional services may include assistance with showering and medications. Day programs make it possible for caregivers to continue working and/or gain needed respite and peace of mind.

**This list has been compiled to assist you in your search for services; this is not a comprehensive list. It is not an endorsement of the resources cited. To select a service provider that best meets the needs of your elder: ask questions, visit when appropriate, and compare among other similar providers. Checklists to assist with this process and/or additional resources are available by contacting the [Outreach Coordinator](#).*
