### Attorneys Specializing in Elder Law

Elder law attorneys concentrate on issues that concern older individuals and their families. A common area of concern is estate planning particularly as it relates to long term care. Elder law attorneys also assist with wills, trusts and other documents that ensure a person's wishes are administered. Elder law attorneys may also assist with the application process for a variety of entitlement programs.

*\*This list has been compiled to assist you in your search for services; this is not a comprehensive list. It is not an endorsement of the resources cited. To select a service provider that best meets the needs of your elder: ask questions, visit when appropriate, and compare among other similar providers. Checklists to assist with this process and/or additional resources are available by contacting the [Outreach Coordinator](#).*
