

APPENDIX D

GLOSSARY OF TERMS

Glossary of Terms

Abatement: A reduction or elimination of a real or personal property tax, motor vehicle excise, a fee, charge, or special assessment imposed by a governmental unit. Granted only on application of the person seeking the abatement and only by the committing governmental unit.

Accounting System: The total structure of records and procedures that identify, record, classify, and report information on the financial position and operations of a governmental unit or any of its funds, account groups, and organizational components.

Accrued Interest: The amount of interest that has accumulated on the bond since the date of the last interest payment, and in the sale of a bond, the amount accrued up to but not including the date of delivery (settlement date). (See Interest)

Amortization: The gradual repayment of an obligation over time and in accordance with a predetermined payment schedule.

Appellate Tax Board (ATB): Appointed by the governor, the ATB has jurisdiction to decide appeals from local decisions relating to property taxes, motor vehicle excises, state owned land (SOL) valuations, exemption eligibility, property classification, and equalized valuations.

Appropriation: An authorization granted by a town meeting, city council or other legislative body to expend money and incur obligations for specific public purposes. An appropriation is usually limited in amount and as to the time period within which it may be expended. (See Encumbrance, Free Cash)

Arbitrage: As applied to municipal debt, the investment of tax-exempt bonds or note proceeds in higher yielding, taxable securities. Section 103 of the Internal Revenue Service (IRS) Code restricts this practice and requires (beyond certain limits) that earnings be rebated (paid) to the IRS.

Assessed Valuation: A value assigned to real estate or other property by a government as the basis for levying taxes. In Massachusetts,

assessed valuation is based on the property's full and fair cash value as set by the Assessors. (See Full and Fair Cash Value)

Audit: An examination of a community's financial systems, procedures, and data by a certified public accountant (independent auditor), and a report on the fairness of financial statements and on local compliance with statutes and regulations. The audit serves as a valuable management tool for evaluating the fiscal performance of a community.

Audit Report: Prepared by an independent auditor, an audit report includes: (a) a statement of the scope of the audit; (b) explanatory comments as to application of auditing procedures; (c) findings and opinions; (d) financial statements and schedules; and (e) statistical tables, supplementary comments, and recommendations. It is almost always accompanied by a management letter.

Available Funds: Balances in the various fund types that represent non-recurring revenue sources. As a matter of sound practice, they are frequently appropriated to meet unforeseen expenses, for capital expenditures or other onetime costs. Examples of available funds include free cash, stabilization funds, overlay surplus, water surplus, and enterprise net assets unrestricted (formerly retained earnings).

Balance Sheet: A statement that discloses the assets, liabilities, reserves and equities of a fund or governmental unit at a specified date.

Betterments (Special Assessments): Whenever a specific area of a community receives benefit from a public improvement (e.g., water, sewer, sidewalk, etc.), special property taxes may be assessed to reimburse the governmental entity for all or part of the costs it incurred. Each parcel receiving benefit from the improvement is assessed for its proportionate share of the cost of such improvements. The proportionate share may be paid in full or the property owner may request that the assessors apportion the betterment over 20 years. Over the life of the betterment, one year's apportionment along with one year's committed interest computed from October 1 to October 1

Glossary of Terms

is added to the tax bill until the betterment has been paid.

Bond: A means to raise money through the issuance of debt. A bond issuer/borrower promises in writing to repay a specified sum of money, alternately referred to as face value, par value or bond principal, to the buyer of the bond on a specified future date (maturity date), together with periodic interest at a specified rate. The term of a bond is always greater than one year. (See Note)

Bond and Interest Record: (Bond Register) – The permanent and complete record maintained by a treasurer for each bond issue. It shows the amount of interest and principal coming due each date and all other pertinent information concerning the bond issue.

Bond Anticipation Note (BAN): Short-term debt instrument used to generate cash for initial project costs and with the expectation that the debt will be replaced later by permanent bonding. Typically issued for a term of less than one year, BANs may be re-issued for up to five years, provided principal repayment begins after two years (MGL Ch. 44 §17). Principal payments on school related BANs may be deferred up to seven years (increased in 2002 from five years) if the community has an approved project on the Massachusetts School Building Authority (MSBA) priority list. BANs are full faith and credit obligations.

Bond Authorization: The action of town meeting or a city council authorizing the executive branch to raise money through the sale of bonds in a specific amount and for a specific purpose. Once authorized, issuance is by the treasurer upon the signature of the mayor, or selectmen. (See Bond issue)

Bonds Authorized and Unissued: Balance of a bond authorization not yet sold. Upon completion or abandonment of a project, any remaining unissued authorizations must be rescinded by town meeting or the city council to be removed from community's books.

Bond Issue: Generally, the sale of a certain number of bonds at one time by a governmental unit.

Bond Rating (Municipal): A credit rating assigned to a municipality to help investors assess the future ability, legal obligation, and willingness of the municipality (bond issuer) to make timely debt service payments. Stated otherwise, a rating helps prospective investors determine the level of risk associated with a given fixed-income investment. Rating agencies, such as Moody's and Standard and Poors, use rating systems, which designate a letter or a combination of letters and numerals where AAA is the highest rating and C1 is a very low rating.

Budget: A plan for allocating resources to support particular services, purposes and functions over a specified period of time. (See Performance Budget, Program Budget)

Budget Message: A statement that, among other things, offers context by summarizing the main points of a budget, explains priorities, describes underlying policies that drive funding decisions, and otherwise justifies the expenditure plan and provides a vision for the future.

Budget Unit: A board or department to which the municipality's legislative body appropriates funds.

Capital Assets: All tangible property used in the operation of government, which is not easily converted into cash, and has an initial useful life extending beyond a single financial reporting period. Capital assets include land and land improvements; infrastructure such as roads, bridges, water and sewer lines; easements; buildings and building improvements; vehicles, machinery and equipment. Communities typically define capital assets in terms of a minimum useful life and a minimum initial cost. (See Fixed Assets)

Capital Budget: An appropriation or spending plan that uses borrowing or direct outlay for capital or fixed asset improvements. Among other information, a capital budget should identify the method of financing each

Glossary of Terms

recommended expenditure, i.e., tax levy or rates, and identify those items that were not recommended. (See Capital Assets, Fixed Assets)

Capital Improvements Program: A blueprint for planning a community's capital expenditures that comprises an annual capital budget and a five-year capital program. It coordinates community planning, fiscal capacity and physical development. While all of the community's needs should be identified in the program, there is a set of criteria that prioritizes the expenditures.

Capital Outlay Expenditure Exclusion: A temporary increase in the tax levy to fund a capital project or make a capital acquisition. Exclusions require two-thirds vote of the selectmen or city council (sometimes with the mayor's approval) and a majority vote in a community-wide referendum. The exclusion is added to the tax levy only during the year in which the project is being funded and may increase the tax levy above the levy ceiling.

Cash: Currency, coin, checks, postal and express money orders and bankers' drafts on hand or on deposit with an official or agent designated as custodian of cash and bank deposits.

Cash Management: The process of monitoring the ebb and flow of money in an out of municipal accounts to ensure cash availability to pay bills and to facilitate decisions on the need for short-term borrowing and investment of idle cash.

Cemetery Perpetual Care: These funds are donated by individuals for the care of grave sites. According to Ch. 114, s 25, funds from this account must be invested and spent as directed by perpetual care agreements. If no agreements exist, interest (but not principal) may be used as directed by the cemetery commissioners for the purpose of maintaining cemeteries.

Certification: Verification of authenticity. Can refer to the action of a bank, trust company, or DOR's Bureau of Accounts (BOA) in the

issuance of State House Notes, to confirm the genuineness of the municipal signatures and seal on bond issues. The certifying agency may also supervise the printing of bonds and otherwise safeguard their preparation against fraud, counterfeiting, or overissue. Also refers to the certification by the Bureau of Local Assessment (BLA) that a community's assessed values represent full and fair cash value (FFCV). (See Triennial Certification)

Certificate of Deposit (CD): A bank deposit evidenced by a negotiable or non-negotiable instrument, which provides on its face that the amount of such deposit plus a specified interest payable to a bearer or to any specified person on a certain specified date, at the expiration of a certain specified time, or upon notice in writing.

Cherry Sheet: Named for the cherry colored paper on which they were originally printed, the Cherry Sheet is the official notification to cities, towns and regional school districts of the next fiscal year's state aid and assessments. The aid is in the form of distributions, which provide funds based on formulas and reimbursements that provide funds for costs incurred during a prior period for certain programs or services. Links to the Cherry Sheets are located on the DLS website at www.mass.gov/dls. (See Cherry Sheet Assessments, Estimated Receipts)

Cherry Sheet Assessments: Estimates of annual charges to cover the cost of certain state and county programs.

Cherry Sheet Offset Items: Local aid that may be spent without appropriation in the budget, but which must be spent for specific municipal and regional school district programs. Current offset items include racial equality grants, school lunch grants, and public libraries grants. (See Offset Receipts)

Classification of Real Property: Assessors are required to classify all real property according to use into one of four classes: residential, open space, commercial, and industrial. Having classified its real properties, local officials are permitted to determine locally, within limitations established by statute and the Commissioner of Revenue, what percentage of

Glossary of Terms

the tax burden is to be borne by each class of real property and by personal property owners. (see Classification of the Tax Rate).

Classification of the Tax Rate: Each year, the selectmen or city council vote whether to exercise certain tax rate options. Those options include choosing a residential factor (MGL Ch. 40 §56), and determining whether to offer an open space discount, a residential exemption (Ch. 59, §5C), and/or a small commercial exemption (Ch. 59, §5I) to property owners.

Collective Bargaining: The process of negotiating workers' wages, hours, benefits, working conditions, etc., between an employer and some or all of its employees, who are represented by a recognized labor union. regarding wages, hours and working conditions.

Community Preservation Act (CPA): Enacted as MGL Ch. 44B in 2000, CPA permits cities and towns accepting its provisions to establish a restricted fund from which monies can be appropriated only for a) the acquisition, creation and preservation of open space; b) the acquisition, preservation, rehabilitation, and restoration of historic resources; and c) the acquisition, creation and preservation of land for recreational use; d) the creation, preservation and support of community housing; and e) the rehabilitation and restoration of open space, land for recreational use and community housing that is acquired or created using monies from the fund. Acceptance requires town meeting or city council approval or a citizen petition, together with referendum approval by majority vote. The local program is funded by a local surcharge up to 3 percent on real property tax bills and matching dollars from the state generated from registry of deeds fees. (See DOR IGR 00-209 as amended by IGR 01-207 and IGR 02-208)

Community Preservation Fund: A special revenue fund established pursuant to MGL Ch. 44B to receive all monies collected to support a community preservation program, including but not limited to, tax surcharge receipts, proceeds from borrowings, funds received from the Commonwealth, and proceeds from the sale of certain real estate.

Compensating Balance Agreement: An alternative to the payment of direct fees for banking services. In this case, a bank specifies a minimum balance that the municipality must maintain in non-interest bearing accounts. The bank can then lend this money (subject to a reserve requirement) and earn interest, which will at least cover the cost of services provided to the municipality. Compensating balance agreements are permitted under MGL Ch. 44 §53F and must be approved annually by town meeting or the city council.

Conservation Fund: A city or town may appropriate money to a conservation fund. This money may be expended by the conservation commission for lawful conservation purposes as described in MGL Ch. 40 §8C. The money may also be expended by the conservation commission for damages arising from an eminent domain taking provided that the taking was approved by a two-thirds vote of city council or town meeting.

Consumer Price Index: The statistical measure of changes, if any, in the overall price level of consumer goods and services. The index is often called the "cost-of-living index."

Cost-Benefit Analysis: A decision-making tool that allows a comparison of options based on the level of benefit derived and the cost to achieve the benefit from different alternatives.

Debt Authorization: Formal approval by a two thirds vote of town meeting or city council to incur debt, in accordance with procedures stated in MGL Ch. 44 §§1, 2, 3, 4a, 6-15.

Debt Burden: The amount of debt carried by an issuer usually expressed as a measure of value (i.e., debt as a percentage of assessed value, debt per capita, etc.). Sometimes debt burden refers to debt service costs as a percentage of the total annual budget.

Debt Exclusion: An action taken by a community through a referendum vote to raise the funds necessary to pay debt service costs for a particular project from the property tax levy, but outside the limits under Proposition 2½. By

Glossary of Terms

approving a debt exclusion, a community calculates its annual levy limit under Proposition 2½, then adds the excluded debt service cost. The amount is added to the levy limit for the life of the debt only and may increase the levy above the levy ceiling.

Debt Limit: The maximum amount of debt that a municipality may authorize for qualified purposes under state law. Under MGL Ch. 44 §10, debt limits are set at 5 percent of EQV. By petition to the Municipal Finance Oversight Board, cities and towns can receive approval to increase their debt limit to 10 percent of EQV.

Debt Service: The repayment cost, usually stated in annual terms and based on an amortization schedule, of the principal and interest on any particular bond issue.

Encumbrance: A reservation of funds to cover obligations arising from purchase orders, contracts, or salary commitments that is chargeable to, but not yet paid from, a specific appropriation account.

Enterprise Funds: An enterprise fund, authorized by MGL Ch. 44 §53F½, is a separate accounting and financial reporting mechanism for municipal services for which a fee is charged in exchange for goods or services. It allows a community to demonstrate to the public the portion of total costs of a service that is recovered through user charges and the portion that is subsidized by the tax levy, if any. With an enterprise fund, all costs of service delivery—direct, indirect, and capital costs—are identified. This allows the community to recover total service costs through user fees if it chooses. Enterprise accounting also enables communities to reserve the "surplus" or net assets unrestricted generated by the operation of the enterprise rather than closing it out to the general fund at year-end. Services that may be treated as enterprises include, but are not limited to, water, sewer, hospital, and airport services. (See DOR IGR 08-101)

Equalized Valuations (EQVs): The determination of the full and fair cash value of all property in the commonwealth that is subject to local taxation. EQVs have historically been

used as variables in distributing certain state aid accounts and for determining county assessments and certain other costs. The Commissioner of Revenue, in accordance with M.G.L. Ch. 58 s 10C, is charged with the responsibility of bi-annually determining an equalized valuation for each town and city in the Commonwealth.

Estimated Receipts: A term that typically refers to anticipated local revenues listed on page three of the Tax Recapitulation Sheet. Projections of local revenues are often based on the previous year's receipts and represent funding sources necessary to support a community's annual budget. (See Local Receipts)

Excess and Deficiency (E&D): Also called the "surplus revenue" account, this is the amount by which cash, accounts receivable, and other assets exceed a regional school district's liabilities and reserves as certified by the Director of Accounts. The calculation is based on a year-end balance sheet, which is submitted to DOR by the district's auditor, accountant, or comptroller as of June 30. The regional school committee must apply certified amounts exceeding five percent of the district's prior year operating and capital costs to reduce the assessment on member cities and towns. Important: E&D is not available for appropriation until certified by the Director of Accounts.

Excess Levy Capacity: The difference between the levy limit and the amount of real and personal property taxes actually levied in a given year. Annually, the board of selectmen or council must be informed of excess levying capacity and evidence of such acknowledgment must be submitted to DOR when setting the tax rate.

Exemptions: A discharge, established by statute, from the obligation to pay all or a portion of a property tax. The exemption is available to particular categories of property or persons upon the timely submission and approval of an application to the assessors. Properties exempt from taxation include hospitals, schools, houses of worship, and

Glossary of Terms

cultural institutions. Persons who may qualify for exemptions include disabled veterans, blind individuals, surviving spouses, and seniors.

Expenditure: An outlay of money made by municipalities to provide the programs and services within their approved budget.

Fiduciary Funds: Repository of money held by a municipality in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and other funds. These include pension (and other employee benefit) trust funds, investment trust funds, private-purpose trust funds, and agency funds.

Fiscal Year (FY): Since 1974, the Commonwealth and municipalities have operated on a budget cycle that begins July 1 and ends June 30. The designation of the fiscal year is that of the calendar year in which the fiscal year ends. Since 1976, the federal government fiscal year has begun on October 1 and ended September 30.

Fixed Assets: Long-lived, tangible assets such as buildings, equipment and land obtained or controlled as a result of past transactions or circumstances.

Fixed Costs: Costs that are legally or contractually mandated such as retirement, FICA/Social Security, insurance, debt service costs or interest on loans.

Float: The difference between the bank balance for a local government's account and its book balance at the end of the day. The primary factor creating float is clearing time on checks and deposits. Delays in receiving deposit and withdrawal information also influence float.

Foundation Budget: The spending target imposed by the Education Reform Act of 1993 for each school district as the level necessary to provide an adequate education for all students.

Free Cash: (Also Budgetary Fund Balance) Remaining, unrestricted funds from operations of the previous fiscal year including unexpended free cash from the previous year, actual receipts in excess of revenue estimates shown on the tax

recapitulation sheet, and unspent amounts in budget line-items. Unpaid property taxes and certain deficits reduce the amount that can be certified as free cash. The calculation of free cash is based on the balance sheet as of June 30, which is submitted by the community's auditor, accountant, or comptroller. Important: free cash is not available for appropriation until certified by the Director of Accounts. (See Available Funds)

Full and Fair Cash Value (FFCV): Fair cash value has been defined by the Massachusetts Supreme Judicial Court as "fair market value, which is the price an owner willing but not under compulsion to sell ought to receive from one willing but not under compulsion to buy. It means the highest price that a normal purchaser not under peculiar compulsion will pay at the time, and cannot exceed the sum that the owner after reasonable effort could obtain for his property. A valuation limited to what the property is worth to the purchaser is not market value. The fair cash value is the value the property would have on January first of any taxable year in the hands of any owner, including the present owner." (Boston Gas Co. v. Assessors of Boston, 334 Mass. 549, 566 (1956))

Full Faith and Credit: A pledge of the general taxing powers for the payment of governmental obligations. Bonds carrying such pledges are usually referred to as general obligation or full faith and credit bonds.

Fund: An accounting entity with a self balancing set of accounts that is segregated for the purpose of carrying on identified activities or attaining certain objectives in accordance with specific regulations, restrictions, or limitations.

Fund Accounting: Organizing the financial records of a municipality into multiple, segregated locations for money. A fund is a distinct entity within the municipal government in which financial resources and activity (assets, liabilities, fund balances, revenues, and expenditures) are accounted for independently in accordance with specific regulations, restrictions or limitations. Examples of funds include the general fund and enterprise funds. Communities

Glossary of Terms

whose accounting records are organized according to the Uniform Municipal Accounting System (UMAS) use multiple funds.

GASB 34: A major pronouncement of the Governmental Accounting Standards Board that establishes new criteria on the form and content of governmental financial statements. GASB 34 requires a report on overall financial health, not just on individual funds. It requires more complete information on the cost of delivering value estimates on public infrastructure assets, such as bridges, road, sewers, etc. It also requires the presentation of a narrative statement the government's financial performance, trends and prospects for the future.

GASB 45: This is another Governmental Accounting Standards Board major pronouncement that each public entity account for and report other postemployment benefits in its accounting statements. Through actuarial analysis, municipalities must identify the true costs of the OPEB earned by employees over their estimated years of actual service.

General Fund: The fund used to account for most financial resources and activities governed by the normal town meeting/city council appropriation process.

General Obligation Bonds: Bonds issued by a municipality for purposes allowed by statute that are backed by the full faith and credit of its taxing authority.

Governing Body: A board, committee, commission, or other executive or policymaking body including the school committee of a municipality.

Government Finance Officers Association (GFOA): This organization provides leadership to the government finance profession through education, research and the promotion and recognition of best practices.

Governmental Accounting Standards Board (GASB): The ultimate authoritative accounting and financial reporting standard-setting body for state and local governments.

Indirect Cost: Costs of a service not reflected in the operating budget of the entity providing the service. An example of an indirect cost of providing water service would be the value of time spent by non-water department employees processing water bills. A determination of these costs is necessary to analyze the total cost of service delivery. The matter of indirect costs arises most often in the context of enterprise funds.

Interest: Compensation paid or to be paid for the use of money, including amounts payable at periodic intervals or discounted at the time a loan is made. In the case of municipal bonds, interest payments accrue on a day-to-day basis, but are paid every six months.

Interest Rate: The interest payable, expressed as a percentage of the principal available for use during a specified period of time. It is always expressed in annual terms.

Investments: Securities and real estate held for the production of income in the form of interest, dividends, rentals or lease payments. The term does not include fixed assets used in governmental operations.

Law Enforcement Trust Fund: A revolving fund established to account for a portion of the proceeds from the sale of property seized from illegal drug-related activities. Funds may be expended to defray certain qualified law enforcement costs as outlined in MGL Ch. 94C, s 47. Funds from this account may be expended by the police chief without further appropriation.

Levy Ceiling: A levy ceiling is one of two types of levy (tax) restrictions imposed by MGL Ch. 59 §21C (Proposition 2½). It states that, in any year, the real and personal property taxes imposed may not exceed 2½ percent of the total full and fair cash value of all taxable property. Property taxes levied may exceed this limit only if the community passes a capital exclusion, a debt exclusion, or a special exclusion. (See Levy Limit)

Levy Limit: A levy limit is one of two types of levy (tax) restrictions imposed by MGL Ch. 59 §21C (Proposition 2½). It states that the real and

Glossary of Terms

personal property taxes imposed by a city or town may only grow each year by 2½ percent of the prior year's levy limit, plus new growth and any overrides or exclusions. The levy limit can exceed the levy ceiling only if the community passes a capital expenditure exclusion, debt exclusion, or special exclusion. (See Levy Ceiling)

Line Item Budget: A budget that separates spending into categories, or greater detail, such as supplies, equipment, maintenance, or salaries, as opposed to a program budget.

Local Aid: Revenue allocated by the Commonwealth to cities, towns, and regional school districts. Estimates of local aid are transmitted to cities, towns, and districts annually by the "Cherry Sheets." Most Cherry Sheet aid programs are considered general fund revenues and may be spent for any purpose, subject to appropriation.

Local Appropriation Authority: In a town, the town meeting has the power to appropriate funds, including the authorization of debt. In a city, the city council has the power upon the recommendation of the mayor.

Local Receipts: Locally generated revenues, other than real and personal property taxes. Examples include motor vehicle excise, investment income, hotel/motel tax, fees, rentals, and charges. Annual estimates of local receipts are shown on the tax rate recapitulation sheet. (See Estimated Receipts)

Massachusetts School Building Authority (MSBA): A quasi-independent government authority that partners with Massachusetts communities to support the design and construction of educationally-appropriate, flexible, sustainable and cost-effective public school facilities.

Maturity Date: The date that the principal of a bond becomes due and payable in full.

Massachusetts Municipal Depository Trust: An investment program, founded in 1977 under the supervision of the State Treasurer, in which

municipalities may pool excess cash for investment.

Minimum Required Local Contribution: The minimum that a city or town must appropriate from property taxes and other local revenues for the support of schools (Education Reform Act of 1993).

Municipal(s): (As used in the bond trade) "Municipal" refers to any state or subordinate governmental unit. "Municipals" (i.e., municipal bonds) include not only the bonds of all political subdivisions, such as cities, towns, school districts, special districts, but also bonds of the state and agencies of the state.

Municipal Revenue Growth Factor (MRGF): An estimate of the percentage change in a municipality's revenue growth for a fiscal year. It represents the combined percentage increase in the following revenue components: automatic 2 1/2 percent increase in the levy limit, estimated new growth, the change in selected unrestricted state aid categories and the change in selected unrestricted local receipts.

M.G.L.: Massachusetts General Laws.

Net School Spending (NSS): School budget and municipal budget amounts attributable to education, excluding long-term debt service, student transportation, school lunches and certain other specified school expenditures. A community's NSS funding must equal or exceed the NSS Requirement established annually by the Department of Education (DOE). (See Education Reform Act of 1993) Includes both school budget and municipal budget amounts attributable to education, excluding long-term debt service, student transportation, school lunches and certain other specified school expenditures. A community's NSS funding must equal or exceed the NSS Requirement established annually by the Department of Education.

New Growth: The additional tax revenue generated by new construction, renovations and other increases in the property tax base during a calendar year. It does not include value increases

Glossary of Terms

caused by normal market forces or by revaluations. New growth is calculated by multiplying the assessed value associated with new construction, renovations and other increases by the prior year tax rate. The additional tax revenue is then incorporated into the calculation of the next year's levy limit. For example, new growth for FY07 is based on new construction, etc. that occurred between January and December 2005 (or July 2005 and June 2006 for accelerated new growth communities). In the fall of 2006, when new growth is being determined to set the FY07 levy limit, the FY06 tax rate is used in the calculation.

Note: A short-term loan, typically with a maturity date of a year or less.

Objects of Expenditures: A classification of expenditures that is used for coding any department disbursement, such as "personal services," "expenses," or "capital outlay."

Official Statement: A document prepared for potential investors that contains information about a prospective bond or note issue and the issuer. The official statement is typically published with the notice of sale. It is sometimes called an offering circular or prospectus.

Offset Receipts: A local option that allows estimated receipts of a particular department to be earmarked for use of the department and appropriated to offset its annual operating budget. If accepted, MGL Ch. 44 §53E limits the amount of offset receipts appropriated to no more than the actual receipts collected for the prior fiscal year. The Director of Accounts must approve use of a higher amount before appropriation. Actual collections greater than the amount appropriated close to the general fund at year-end. If actual collections are less, the deficit must be raised in the next year's tax rate.

Operating Budget: A plan of proposed expenditures for personnel, supplies, and other expenses for the coming fiscal year.

Other Amounts to be Raised: (Tax Recapitulation Sheet) Amounts not appropriated but raised through taxation. Generally, these are locally generated expenditures (e.g., overlay, teacher pay deferral, deficits) as well as state,

county and other special district charges. Because they must be funded in the annual budget, special consideration should be given to them when finalizing the budget recommendations to the city council or town meeting.

Overlapping Debt: A community's proportionate share of the debt incurred by an overlapping government entity, such as a regional school district, regional transit authority, etc.

Overlay: (Overlay Reserve or Allowance for Abatements and Exemptions) An account established annually to fund anticipated property tax abatements, exemptions and uncollected taxes in that year. The overlay reserve need not be funded by the normal appropriation process, but rather is raised on the tax rate recapitulation sheet.

Overlay Deficit: A deficit that occurs when the amount of overlay raised in a given year is insufficient to cover abatements, statutory exemptions, and uncollected taxes for that year.

Overlay Surplus: Any balance in the overlay account of a given year in excess of the amount remaining to be collected or abated can be transferred into this account. Within 10 days of a written request by the chief executive officer of a city or town, the assessors must provide a certification of the excess amount of overlay available to transfer. Overlay surplus may be appropriated for any lawful purpose. At the end of each fiscal year, unused overlay surplus is "closed" to surplus revenue, i.e., it becomes a part of free cash.

Override: A vote by a community at an election to permanently increase the levy limit. An override vote may increase the levy limit no higher than the levy ceiling. The override question on the election ballot must state a purpose for the override and the dollar amount. (See Underride.)

Override Capacity: The difference between a community's levy ceiling and its levy limit. It is the maximum amount by which a community may override its levy limit.

Glossary of Terms

Performance Budget: A budget that stresses output both in terms of economy and efficiency.

Principal: The face amount of a bond, exclusive of accrued interest.

Program: A combination of activities to accomplish an end.

Program Budget: A budget that relates expenditures to the programs they fund. The emphasis of a program budget is on output.

Proposition 2½: A state law enacted in 1980, Proposition 2½ regulates local property tax administration and limits the amount of revenue a city or town may raise from local property taxes each year to fund municipal operations.

Purchased Services: The cost of services that are provided by a vendor.

Refunding of Debt: Transaction where one bond issue is redeemed and replaced by a new bond issue under conditions generally more favorable to the issuer.

Reserve for Abatements and Exemptions: (See Overlay)

Reserve Fund: An amount set aside annually within the budget of a city (not to exceed 3 percent of the tax levy for the preceding year) or town (not to exceed 5 percent of the tax levy for the preceding year) to provide a funding source for extraordinary or unforeseen expenditures. In a town, the finance committee can authorize transfers from this fund for "extraordinary or unforeseen" expenditures. Other uses of the fund require budgetary transfers by town meeting. In a city, transfers from this fund may be voted by the city council upon recommendation of the mayor.

Revaluation: The assessors of each community are responsible for developing a reasonable and realistic program to achieve the fair cash valuation of property in accordance with constitutional and statutory requirements. The nature and extent of that program will depend on the assessors' analysis and consideration of

many factors, including, but not limited to, the status of the existing valuation system, the results of an in-depth sales ratio study, and the accuracy of existing property record information. Every three years, assessors must submit property values to the DOR for certification. Assessors must also maintain fair cash values in the years between certifications so that each taxpayer in the community pays his or her share of the cost of local government in proportion to the value of his property. (See Triennial Certification)

Revenue Anticipation Borrowing: Cities, towns and districts may issue temporary notes in anticipation of taxes (TANs) or other revenue (RANs). The amount of this type of borrowing is limited to the total of the prior year's tax levy, the net amount collected in motor vehicle and trailer excise in the prior year and payments made by the Commonwealth in lieu of taxes in the prior year. According to MGL Ch. 44 s 4, cities, towns and districts may borrow for up to one year in anticipation of such revenue.

Revenue Anticipation Note (RAN): A short-term loan issued to be paid off by revenues, such as tax collections and state aid. RANs are full faith and credit obligations. (See Bond Anticipation Note)

Revenue Bond: A bond payable from and secured solely by specific revenues and thereby not a full faith and credit obligation.

Revolving Fund: Allows a community to raise revenues from a specific service and use those revenues without appropriation to support the service. For departmental revolving funds, MGL Ch. 44 §53E½ stipulates that each fund must be authorized by bylaw by the legislative body, and that a limit on the total amount that may be spent from each fund must be established annually. Wages or salaries for full-time employees may be paid from the revolving fund only if the fund is also charged for all associated fringe benefits.

Sale of Cemetery Lots Fund: A fund established to account for proceeds of the sale of cemetery lots. The proceeds may only be appropriated to pay for the cost of the land, its

Glossary of Terms

care and improvement or the enlargement of the cemetery under provisions of MGL Ch. 114 §15.

Sale of Real Estate Fund: A fund established to account for the proceeds of the sale of municipal real estate other than proceeds acquired through tax title foreclosure. MGL Chapter 44 s 63 states that such proceeds shall be applied first to the retirement of debt on the property sold. In the absence of such debt, funds may generally be used for purposes for which the town or city is authorized to borrow for a period of five years or more.

Security: For Massachusetts municipalities, bonds or notes evidencing a legal debt on the part of the issuer.

Special Assessments: (See Betterments)

Special Exclusion: For a few limited capital purposes, a community may exceed its levy limit or levy ceiling without voter approval. Presently, there are two special expenditure exclusions: 1) water and sewer project debt service costs which reduce the water and sewer rates by the same amount; and 2) a program to assist homeowners to repair or replace faulty septic systems, remove underground fuel storage tanks, or remove dangerous levels of lead paint to meet public health and safety code requirements. In the second special exclusion, homeowners repay the municipality for the cost plus interest apportioned over a period of time, not to exceed 20 years (similar to betterments).

Stabilization Fund: A fund designed to accumulate amounts for capital and other future spending purposes, although it may be appropriated for any lawful purpose (MGL Ch. 40 §5B). Communities may establish one or more stabilization funds for different purposes. A majority vote of town meeting or city council is required to establish, amend the purpose of, or appropriate money into the stabilization fund. Appropriation from the stabilization fund requires a two-thirds majority vote. (See DOR IGR 04-201)

Surplus Revenue: The amount by which cash, accounts receivable, and other assets exceed liabilities and reserves.

Tax Rate: The amount of property tax stated in terms of a unit of the municipal tax base; for example, \$14.80 per \$1,000 of assessed valuation of taxable real and personal property.

Tax Rate Recapitulation Sheet (Recap Sheet): A document submitted by a city or town to the DOR in order to set a property tax rate. The recap sheet shows all estimated revenues and actual appropriations that affect the property tax rate. The recap sheet should be submitted to the DOR by September 1 (in order to issue the first-half semiannual property tax bills before October 1) or by December 1 (in order to issue the third quarterly property tax bills before January 1).

Tax Title (or Tax Taking): A collection procedure that secures a city or town's lien on real property and protects the municipality's right to payment of overdue property taxes. Otherwise, the lien expires if five years elapse from the January 1 assessment date and the property has been transferred to another owner. If amounts remain outstanding on the property after issuing a demand for overdue property taxes and after publishing a notice of tax taking, the collector may take the property for the city or town. After properly recording the instrument of taking, the collector transfers responsibility for collecting the overdue amounts to the treasurer. After six months, the treasurer may initiate foreclosure proceedings.

Tax Title Foreclosure: The procedure initiated by a city or town treasurer in Land Court or through land of low value to obtain legal title to real property already in tax title and on which property taxes are over due. The treasurer must wait at least six months from the date of a tax taking to initiate Land Court foreclosure proceedings (MGL Ch. 60 §65).

Trust Fund: In general, a fund for money donated or transferred to a municipality with specific instructions on its use. As custodian of trust funds, the treasurer invests and expends such funds as stipulated by trust agreements, as directed by the commissioners of trust funds or by town meeting. Both principal and interest may be used if the trust is established as an

Glossary of Terms

expendable trust. For nonexpendable trust funds, only interest (not principal) may be expended as directed.

Uncollected Funds: Recently deposited checks included in an account's balance but drawn on other banks and not yet credited by the Federal Reserve Bank or local clearinghouse to the bank cashing the checks. (These funds may not be loaned or used as part of the bank's reserves and they are not available for disbursement.)

Override: A vote by a community to permanently decrease the tax levy limit. As such, it is the opposite of an override. (See Override)

Undesignated Fund Balance: Monies in the various government funds as of June 30 that are neither encumbered nor reserved, and are therefore available for expenditure once certified as part of free cash.

Uniform Municipal Accounting System (UMAS): UMAS succeeds the so-called Statutory System (STAT) and is regarded as the professional standard for municipal accounting in Massachusetts. As a uniform system for local governments, it conforms to Generally Accepted Accounting Principles (GAAP), offers increased consistency in reporting and record keeping, as well as enhanced comparability of data among cities and towns.

Unreserved Fund Balance (Surplus Revenue Account): The amount by which cash, accounts receivable, and other assets exceed liabilities and restricted reserves. It is akin to a "stockholders' equity" account on a corporate balance sheet. It is not, however, available for appropriation in full because a portion of the assets listed as "accounts receivable" may be taxes receivable and uncollected. (See Free Cash)

Valuation (100 Percent): The legal requirement that a community's assessed value on property must reflect its market, or full and fair cash value.

Warrant: An authorization for an action. For example, a town meeting warrant establishes the matters that may be acted on by that town meeting. A treasury warrant authorizes the

treasurer to pay specific bills. The assessors' warrant authorizes the tax collector to collect taxes in the amount and from the persons listed, respectively.
